What Subject Matter Do We Handle?

Who Are Our Clients?

IP/Tech clinics engage in a diverse range of client work that constantly evolves due to changing community needs.

What Kind of Work Do We Do?

IP/Tech clinics choose clients to further a variety of missions, many related to promoting social justice and the public interest.

Are Under a Set Income Cap

Represent a Larger Class

Have a Greater Social Mission

What Is Important to Our Client Selection?

Innovation and Tradition: A Survey of Intellectual Property and Technology Legal Clinics

The IP/Tech clinic community has seen extraordinary growth over the past two decades.

The IP/Tech clinic collaboration with the USPTO allowing student practice provides pro bono IP assistance throughout the country.

IP/Tech clinic clients include mostly individual creatives and start-ups, but also include large and small non-profits, some for profit entities, and university technology transfer offices.
